## RELIEF AS A.D.C. STAY ON

RUMOURS CONCERNING the possible closure of Churchill House, and the loss of local administration of the ADC's business to Peterlee have been squashed.

A re-organisation of Aycliffe and Peterlee Development Corporations will take place later this year with a change in structure based on both towns.

Neither town will become the HQ and the work of the Corporations will remain much as it is now but with a re-arranged departmental structure.

It is likely that there will be redundancies in both Aycliffe and Peterlee, including some within the Corporations' management

team, and details of these redundancies will be discussed with the staff unions.

The decision on re-organisation was taken at a special meeting of the Corporations' Board. It followed a report to the Corporations by the former general manager of Washington Development Corporation, Steve Holley, who was asked to look at their structure with a view to advising on changes which should be made in the light of their likely dissolution in 1985.

organisation to take effect, but it is likely to be some months before it is implemented.

The ADC "Job Finders" will remain at work, at least until 1985, and this brings sighs of relief from local authorities.

Everyone is aware of the ADC's success on this front and one dare not contemplate the situation in Aycliffe without their expertise and promotional activities.

No wonder the District Council fight to keep them in being — a similar set-up paid for from the rates is out of the question. The only danger is a gradual loss of effectiveness towards the 1985 dissolution as staff move on to more secure positions.

### Efficient

Following this a number of re-organisational options were prepared for the Board. These were designed to ensure that the Corporations' task of bringing industry to Aycliffe and Peterlee would be continued efficiently until the end of 1985, taking into account increases in staff turnover, reduction in manpower and the employment needs of the two communities.

Staff members and their trade union representatives have been briefed on the Board's decision and the details of the new structure will now be finalised. No date has yet been fixed for the re-

# POST OFFICE COMPLAINTS

Our Town Council is very angry over the Town Centre Post Office and the length of time it is taking to bring it back into full operation.

Various letters of complaint have been sent to our MP, the Post Office Users Council and the G.P.O. All deplore the fact that Newton Aycliffe will wait almost a year to get the Post Office back in service.

Meanwhile residents continue to use the temporary wooden building in Greenwell Road.

The following is one of the latest letters from the Council which our MP has taken up with the chairman of the Post Office:

"Dear Sir,

In the past this Council have

drawn your attention to what is generally considered by the residents of the town to be an inadequate service. The problem in the past has been the continued refusal of the Post Office to introduce a queuing system. Their argument being that the premises were too small.

"After a number of years pursuing this matter my Council were delighted when some two years ago the Post Office informed us that they were to alter the premises and introduce the new system. Unfortunately nothing happened until last November when approaching their busiest time the Post Office was closed and relocated in a temporary building behind the town centre.

We again complained but were told that from this temporary building it would be possible to provide a better service. We reluctantly accepted this situation bearing in mind that at least progress was being made towards our ultimate aim.

The Post Office remained empty and no work was commenced. Then to our surprise and disgust we received a planning application during March for alterations to the Post Office. We presumed that all these types of preparation would have been completed before the urgent closure in November, 1980. The situation as I am sure you will agree has now become quite ludicrous. We have an empty Post

Office in the town centre and a temporary wooden building being used as a substitute. Presumably rent and rates are being paid unnecessarily on two buildings and we as a Council and the residents of the town, some 26,000 are appalled.

"The time has long since gone for delay and excuses and we would therefore urge you to bring pressure to bear on the appropriate persons to explain the situation fully and inform the Council of a date when the Crown Post Office in its original building with the new queuing system will be operational.

"No doubt you will let me have your observations in due course.

Yours faithfully, J. Farquhar."

## SMALLEST SCHOOL WIN LEAGUE

Byerley Park Junior School, the smallest school in the town, has won the Newton Aycliffe School's football league championship.

A very proud headmaster informed Newton News that his team has also won the "Tom Swainstone Memorial Cup."

"This is a fantastic achievement for the school and their success is

due to the dedication and enthusiasm of the team together with the magnificent support of parents and staff," said the headmaster.

Congratulations are indeed deserved, for a team which has only lost one game all season and got through to the quarter-final in the County Cup — no mean feat considering 50 schools took part.

## STYLISH DAY FOR THE WORKERS

MooreStyle, 1980 "Racehorse of the Year", was introduced to the employees of his registered owners, Moores International Furnishings Ltd., when he visited their factory on Aycliffe Industrial Estate recently.

The success of MooreStyle (named after a range of Moores International's furniture) has been enthusiastically followed by the workers and the publicity and promotional activity has worked wonders for the company's corporate image.

Also present was the Hon. Peter Hugh Morrison, MP, Parliamentary Under Secretary for the Department of Employment, who, after a brief tour of the factory,

spoke to a number of employees and congratulated the company on its performance and ability to find employment for 280 local people at a time of serious local recession. He also referred to Moores International's success in the promotion of their products both at home and abroad.

"The remarkable growth in sales of Moores International's furniture is not just good luck as, to some extent, the success of MooreStyle might be," said Mr Morrison. "I am very pleased to note that by means of hard work and vigorous promotion, the company has been able to expand its sales at a time when many other companies have been facing trading difficulties. It is this sort of enterprise on which the prosperity of Britain was — and is — based. I offer my warm congratulations to the Chairman, Directors, and all the staff and best wishes for the company's further expansion."
