AYCLIFFE HOSPITAL TO BE DEMOLISHED TO CREATE NEW HOUSING ESTATE

A planning application has been submitted to Darlington Borough Council for residential development of the Aycliffe Hospital site at School Aycliffe Lane,

Residents living on the opposite side of the road, in the village of School Aycliffe have been advised and invited to view the outline plans. Aycliffe Hospital is to be completely demolished to make way for this new housing development. We contacted Darlington Borough for more details and found the 39 acre site is to be marketed by the

Health Authority. Presumably the large building companies will be invited to make offers on the land when outline planning permission has been granted. It is calculated 150 homes could be sited on this land with the Health Authority expected to make millions of pounds from the sale. As the site is within the Darlington Borough it will

be separated from School Aycliffe and be given its own name and possibly become part of Heighington Parish. No details are available on infrastructure, but it is thought access to this new settlement would be better if made from Heighington Lane rather than School Aycliffe Lane which is already congested.

Sedgefield Borough Council have been asked to comment on the proposal and our Town Council have been given official notice they can view the plans if they wish. Being in an adjacent Borough, albeit only a roads width away, residents of School Aycliffe will have little say in the matter. Darlington Borough Council will treat us the same way as we treated them over the development on our green site boundary with Fujitsu and Newton Park.

Concern has already been expressed that both authorities are eroding the green belt on our boundaries. We are extending south towards Darlington and they are developing on their outskirts at the same rate.

Junior 5-a-Side Contest at Aycliffe Village

Heighington Rangers came out on top in a thoroughly enjoyable 5-a-side competition which was held at the Aycliffe Village School. This event, the culmination of the efforts by David McGuire and Keith Gilligan who organised the event as part of their Duke of Edinburgh Bronze award were backed by the sponsorship of DSC Engineering, Durham Precision Engineering and Perstorp Ferguson Ltd. with help from volunteers from the village.

Caretaker Dies at Work

Popular Thames Centre Assistant Caretaker, Keith Sykes died while at work on Monday afternoon. Middle aged Keith, from Bromley Close, was found by a schoolboy who saw him through the open door of the storeroom, lying on the floor. He quickly called for help and First Aid was given, but it is thought Keith had died from a heart attack. Floral tributes have been laid outside the former Swinton Shop by people who had fond memories of Keith.

Cycleforce Notes

WORK OUT IF YOU ARE A BRIGHT SPARK OR A DIMWIT ON THE ROAD ...
If someone told you to jump off a cliff you'd refuse ... right? Yet there are plenty of people daft enough to do similar silly things every day on the roads, especially now that the dark nights are drawing in. They are the DIMWITS, the people who don't see or can't be seen by other road-users ... either at night or during poor daylight. Some are drivers, other motorists, pedestrians or cyclists. Their one major failing - aside from being an endangered species - is that **THEY CAN'T BE SEEN**. That means they are putting **YOU** and **THEMSELVES** at risk. But Dimwits can become **BRIGHT SPARKS**. All they have got to do is follow a few simple rules. Read on ... Who knows if your a dimwit, you could become a brightspark and save someone's life.
DRIVERS - Be alert to other road users: people in a rush, kids, elderly shopper. Think once, think twice, think bike! Remember, they may not see you, day or night. Lights are important, use them at night or in poor visibility. Then you can see and be seen.
PEDESTRIANS - Be seen. Don't walk into danger. Fluorescent for daytime - Reflective at night, old or young, it lets others know you are there. At a pinch, wear or carry something white., be bright, it makes sense.

P.C. Sarah Bullick
Newton Aycliffe
Police Station

CYCLISTS - Don't be an accident victim, be wise, survive ... At roundabouts and road junctions be safe, be seen. Kit you and your bike out properly!" Get something fluorescent for daytime wear, reflective for night. Consider spoke reflectors, reflective pedals, tyres and spacers for your bike. And prepare for the road, check and clean front and rear lights and reflectors before setting off.
MOTORCYCLISTS - like oil and water; motorecyclists and road junctions don't go too well together. It may not be your fault ... but ... when because someone hasn't seen you coming. Day or night, always use your headlights ... it helps others to see you. So does wearing a reflective and fluorescent jacket. Also, watch your speed, learn to expect the unexpected and you'll guarantee yourself no nasty surprises!
Remember:
Bright sparks consider others, dimwits don't
Bright sparks are seen, dimwits aren't
Bright sparks prepare for the road, dimwits don't
Bright sparks get noticed, dimwits don't

LATCHKEY KIDS
Who are the Latchkey Kids?
There are numerous children who let themselves in or out of empty houses and supervise themselves for an hour or more each day. Called "Latchkey Kids" because of the tell-tale key around their neck or in their pocket, they are usually children of a single parent home or a home in which both parents work.
How old should a child be?
Each case should be looked at individually. Each case should be judged on all surrounding information. In order to be left alone, a child should want to assume the responsibility, should not be afraid to stay alone, should be able to follow directions and should be able to solve problems independently. Factors such as the amount of time the child will be alone, how safe the neighbourhood is, the accessibility of a parent or other adult should all be taken into consideration.
How can a parent know is a child is ready to be left alone?
The simplest way is to ask the child is he or she wants to stay alone. Any signs of fearfulness or doubt about being left alone, turning on lights etc should be a warning signal that the child does not feel ready to be home alone.
How long can a child be left alone?
The time should be kept to a minimum. Parents should come home as soon as they can and postpone errands until they can take the child with them.
What should a parent do to make the Latchkey Kids experience work?
The experience should be a positive one, reinforcing the child's sense of independence and competence and minimising fear and anxiety. A carefully considered set of rules, emergency procedures and back up systems should be developed and discussed with the child so that he or she is aware of what is expected by the parent. The main issue for a parent in deciding if a child can function as a latchkey kid is whether he or she is capable of following agreed rules, completing homework and accomplishing chores.
Giving your child a key is not an ideal situation, but we do recognise that on occasions it may not be possible to avoid it. If you follow our simple guidelines and use common sense you can avoid putting your child at risk.

The article this week brings to an end the cycleforce initiative which has been a summer project involving officers on mountain bikes. A questionnaire has been produced giving you the opportunity to give us your feedback and views on the initiative. Questionnaires are available from Newton Aycliffe Police Office, Hamsterley Cycles (Beveridge Way) and Newton Press (Aycliffe Industrial Estate). Please return to PC Bullick, Newton Aycliffe Police Office, Central Avenue, Newton Aycliffe DL5 5RW by 31st September 1997. I would like to take this opportunity to thank the Newton News for their support with the weekly "Cycleforce News" article. Also thanks to Hamsterley Forest Cycles for their assistance with maintenance of the mountain bikes throughout the initiative.

TOWN COUNCIL'S NEW INITIATIVE TO IMPROVE OUR ENVIRONMENT

Dear Sir,
Last week, Great Aycliffe Town Council voted to look to appoint an 'Environmental Ranger'. In doing so, it committed itself to a new initiative to conserve and enhance the town's environment. The Ranger's first task will be to 'audit' the land owned by the Council (to discover its strengths and possibilities). Then, advised by expert agencies, the Council will develop an 'Environmental Management Plan'. This Plan will be made available for inspection and comment - we can only move forward with public support. Then it will be the Ranger's job to implement the Plan. At present, the Town Council wastes energy and

money mowing vast swathes of land which, ecologically, are no better than deserts - nothing lives there but grass. We want to create instead different HABITATS, where wildlife can survive. Where land is not needed for recreation, we intend to encourage wildflower areas, butterfly gardens and woodlands. This does not simply involve 'letting things go'. We need to MANAGE our green areas - for instance, we will cut back the nettles along Woodham Burn to give woodland flowers a chance to grow. Especially, we will renew and extend our hedgerows, which are vital link corridors for all kinds of plants and small animals. Within this policy, the Council will safeguard people's needs. Children will have safe areas to play. We

will create dog exercise areas, and combat vandalism and graffiti on our property. Particularly, we will encourage public access to the habitats we create, so that they can be used and enjoyed by everybody, including disabled people. The Core Walk was not a waste of money; it is the central pivot of the Council's policy. It gives access to some beautiful areas, and it connects to other walks, which have been developed by CAPS volunteers, and published in the Newton News. Also, it will be a continuous wildlife corridor which will enhance the ecosystem of the whole town. As not everyone appreciates the environment, the Ranger will liaise with schools and voluntary organisations to educate and

involve them. The Plan will address every aspect of the Town Council's land. It is not enough to look at the state of West Park's lakes. We need to formulate a Plan for West Park as a whole - including not only management of the lakes but also biodiversity, better play areas, cultural features and its links to other areas. Please don't expect overnight change. The Town Council wants to move carefully and get this right. We will need to study our land for a year to develop the Management Plan. And we hope to stay within our existing budget. But you should notice gradual differences. In some

Letter to the Editor

areas the grass will be kept shorter and tidier; in others we will delay mowing to allow wildflowers to seed. In our plantations, we will fell some trees and develop an 'understorey' of shrubs and saplings; in other places, we will plant more trees. Over the next decade, you will see more wildflowers, hedges and walks. There will be no unnecessary open grass 'deserts', but natural parks, with more focused play areas. Great Aycliffe will be 'greener' and a healthier place. If readers have any questions or comments, please write to me at the Town Council offices. Yours faithfully, John D. Clare

Sell Unwanted Goods for Cash

The first Table Top Sale to be held at the Youth Centre next Saturday, 20th September, from 10 am - to 2 p.m. Local Charity fundraiser, Peter Beatty is running the Sale in aid of the latest Youth Centre appeal to provide special toilets and improved access for disabled people who visit the premises. This is a better and more comfortable way than a Car Boot Sale to get rid of your unwanted goods for cash.

A table place costs only £5 and can be booked through Peter by phoning 313924.

Local organisations are also invited to take a stall to sell home-made cakes or craft items etc. If anyone has items of bric a brac they can

donate to the Youth Centre, to sell in aid of the project, please contact Peter to arrange collection or just leave the items at the Youth Centre. Stallholders can set up from 9 a.m. and everyone is invited to call in to pick up some excellent bargains.

Majority Support Closure of Subways

Dear Sir
I would like to take this opportunity to thank the editor of the Newton News for helping to highlight the situation regarding the underpasses on Greenfield Way, Williamfield Way and Burnhill Way. I would also like to express my sincere thanks to all those residents who completed and returned the questionnaires in that respect. We had a massive response which proves that the people of Newton Aycliffe support the closure of the underpasses. I have today forwarded the questionnaire to the Director of Environment and Technical Services and will be arranging a meeting with him to discuss the concerns and views which have been expressed. I will advise the residents of the outcome on the meeting as soon as possible
Cllr. Tony Moore

Buddhist Meditation Classes Offered

Atisha Buddhist Centre's programme of free public talks is followed by a series of meditation classes held at Alington House, 4 North Bailey (near Cathedral), Durham, every Thursday from September 25th to October 23rd.

The series, entitled 'The Compassionate Warrior', is relevant for both Buddhists and non-Buddhists, and for experienced meditators or beginners. The classes provide extremely practical advice on developing positive habits to achieve goals at work and at home, and they also show how we can gain deep levels of relaxation through meditation. Titles in the series include: 'Learning to Love', 'The Power of Compassion' and 'Inner Wealth'.

The classes are informal, run from 7.30 - 9.30pm, and include guided meditations, a short teaching, discussion, and refreshments. The classes are self-contained and can be attended on a one-off basis if desired. There is a suggested donation of £3.50 to cover costs (concessions available).

The classes are taught by Brigid Mulley, a senior teacher of Atisha Centre. For more information contact Becky Rooley or Michael Whitaker at: Atisha Centre, 9 Milton St., Darlington Co. Durham, DL1 4ET
Tel: 01325 365265, Fax: 01325 488551, E-mail: atisha@rmpc.co.uk

The Alternative to a University Degree

One of the UK's leading providers of vocational qualifications, Newton Aycliffe based ITEC NORTH EAST believes that vocational training is coming back into its own as employers in the region seek 'Knowledge Workers' as an alternative to a degree when recruiting staff. ITEC North East have been committed to providing the regions employers with knowledge workers for some years now and it is a policy which is clearly producing results for all concerned. Last year 94 per cent of all ITEC NE trainees walked straight into a job on completion of their courses. A knowledge worker is someone with the confidence and flexibility to adapt to today's fast moving business environment, confidence and flexibility which stems from work experience as well as technical and inter personal skills.

Vocational qualifications have come a long way in providing exactly what individual employers need to enable new staff to make a positive contribution from day one. This is achieved through consultation with employers and the TEC in order to determine exactly what skills are needed in South Durham and how those skills can best be delivered. The result is a more confident, enabled employee who will see on going training as another part of their job description and view it as a positive benefit to themselves and their company. ITEC NE Managing Director DAVID D. BAKER explains... "A degree course will be the favoured option for many disciplines in the commercial world, however in recent years we have noticed a trend for young people with excellent exam results coming to us to discuss their career progression because they know that our programmes have a far higher chance of landing them a job and a career. Typically young people will stay with us for two years, gaining an academic qualification and work experience. At the end of that time we will usually have an employer who has come to know that individual and know that their training is focused upon their business sector". "We all know of degree holders who remain unemployed for a number of years after gaining their qualification because employers are unwilling to train them to deal with the real working world. This is particularly true in the Business Administration and IT sectors. With vocational qualifications this simply does not happen". ITEC NE training programmes are geared towards developing the supervisors and managers of tomorrow and it is this sharp focus on starting young people on their career ladder which the company believes is responsible for the increased interest in vocational qualifications in recent years. While a degree course will provide a broad educational experience, vocational qualifications will home in on what employers need and provide the support to deliver those needs. An increase in email traffic for example has identified the need for people who can respond to enquiries quickly, with minimal supervision but within company guidelines. Accordingly ITEC North East have introduced an email module to all IT training programmes. David D Baker sums up... "If South Durham is to achieve the World Class status we deserve it will require the brightest and best graduates the UK has to offer. It will also require supervisory, middle and senior management of the highest calibre into the next century. This is what our vocational qualifications seek to deliver". With 94 per cent of trainees taking up immediate employment, it would seem to be a policy that works.

"Aycliffe Business Course Helped Me Double My Profits"

Mike Wadkins has the perfect answer to anyone who thinks that an NVQ is just another piece of paper... "The course I've just finished has led to me doubling my business profits in under a year" says the owner of Darlington-based Alan Wadkins Ltd. Mike has just become the first person in the country to be awarded an NVQ Owner Manager Level 4 certificate after completing a course in management studies with R.H. Associates, a training consultancy group based in Aycliffe. The course began initially through a County Durham & Darlington TEC programme called Skills for Small Business. He was presented with his NVQ by Dr. Philip Riseborough, national chief executive of the awarding body NEBS Management at a special ceremony on September 1 "Dr. Riseborough said "This is a tremendous achievement, the first such award in the country and one which Mr. Wadkins has worked very hard for. I am delighted for him." The Owner-Manager qualification is a comparatively recent addition to the NVQ lists. Under RFI Associates guidance, Mike was led through a 12-month programme designed to increase business efficiency. That included looking at key areas of his business: drawing up a company training plan devising a sales and marketing plan and, vitally a financial plan covering management accounting. Mike said: "We went to RH Associates because we felt basically, that the business was under performing. We were all working really hard but we weren't seeing the return that we wanted. We needed some strong management training. "The course was very practical and the help and advice came from people who were operating in business and knew what they were talking about. After a year on the course I can say there have been considerable benefits for our business. "For a start we have made as much net profit in the first six months of this year as we did in all of 1996-and that's without increasing any of our prices" Better business practice has also made his staff happier, Mike says. Of his eight strong workforce, five are on Modern Apprenticeships and two on business management and administration courses. "It's improved staff morale tremendously. Everyone seems to have a better idea of where we are going and what we are doing," Mike says. And finally, Mike reckons it's even produced benefits for his customers: "They get a much sharper service and we have been able to hold prices down because of the other improvements we have made." RH Associates is a Newton Aycliffe-based Training Consultancy specialising in management skills. It also trains key company personnel to return to their own firms as training officers-aiming to spread management and business skills as widely as possible by "training trainers". It is headed by Ruth Hardwick. Alan Wadkins Ltd was set up in Darlington in 1962 by the father of present owner Mike Wadkins. It deals principally in hand and power tools for trade and industry, agricultural ironmongery, workwear supplies and protective clothing. NEBS Management is the body which examines NVQ submissions and awards management and business NVQ qualifications. PICTURED. Front left to right, Derek Toone, Mike Wadkins, Dr. Philip Riseborough and Ruth Hardwick of RH Associates, Bede House, Newton Aycliffe, County Durham DL5 6DX.

LETTER CLUB FOR OVER 50's

Dear Sir
Heighington Over 50/60's Club meet in the Village Hall every Monday 6.15pm-8.15pm and new members are always welcome. On Tuesday 16th September we are having an outing to Skipton and Harry Ramsden's leaving at 9.30am from the Village Hall.

The fare is £6.20 and visitors would be welcome to join us.

On Saturday 20th September we will be holding our Annual Nearly New and Jumble Sale. Again in the hall, starting at 10.00am.

Details for any of the above can be had by ringing 319939 or 315209

Village Youth Club

Dear Sir
May I express our thanks on behalf of Aycliffe Village Youth Club to Keith Gilligan and David McGuire from Aycliffe Village who after organising and running a football competition as part of their "Duke of Edinburgh Award", presented us with £90.00.

As a further £30 was raised indirectly on the day. We are more than grateful for all their efforts. May I wish them every success in achieving their certificates.
Joe Jopling (Chairman)

Meet Your Councillor

Notice to Woodham Ward (Borough Council) and Aycliffe North Ward (County Council) residents

Borough Councillor Alan Gray and County Councillor Terry Hogan will be holding a surgery on SUNDAY 14th SEPTEMBER from 10 a.m. till 12 noon in "The Cubby" on Greenwell Road.

Residents of these wards are invited to attend if they have any issue or complaint which they wish a Councillor to take up on their behalf in relation to Borough Council or County Council services. For those unable to attend you can contact Councillor Gray on Tel.No. 313778 or Councillor Hogan on Tel. No. 313828.

ADVERTISING**
Advertise your private sales and wants, personal, public notices and announcements in Newton News for only 8p per word. Take your ad. to Stevens in the Town Centre before 11 am on Thursday for that weeks issue.

Civic Leaders Join Public Tribute to Princess Diana

The Mayor, Sarah Iveson (right) and Deputy Mayor, Angela Fleming at the special wreath laying ceremony on behalf of the townspeople held outside St. Clares Church last Saturday.

The retiring collection at the Remembrance Service for Diana, Princess of Wales, held at St. Clares last Saturday raised the sum of £228.80p. This will be equally divided between her memorial fund and the Northern Echo Children's Hospice Appeal.

Whitbread Volunteer Awards

There is only two weeks to go to nominate someone you know who volunteers tirelessly in the community without a thought of recognition for themselves. If you know of anybody who makes a difference to others lives through volunteering, then please nominate them for a Whitbread Volunteer Action Award. The deadline for nominations is 22 September 1997.

The Awards reward individuals and organisations who give their time freely to help improve their communities. As well as recognition for the work achieved, £25,000 is on offer as prize money. Nominating is easy - just complete a Whitbread Volunteer Action Award nomination form.

Individual winners will receive £1,000 in prize money, half for the cause for which they were nominated and half to be spent at their discretion. Winning organisations will receive £1,000 to be used for developing volunteering in their organisations. The overall winners chosen from all categories will receive a further +1,000 to be used in the same way.

There are individual and group awards for seven English regions together with winners in Scotland, Northern Ireland and Wales; two special youth awards made to a young individual and group involving young volunteers; a Whitbread Changemaker award given to a young person or group of people working together as part of a school or college project; and overall UK individual and group winners. Independent judges select the regional and category winners in October. These winners will be invited to a celebration of

volunteering ceremony in December and presented with their awards by HRH Princess Michael of Kent.

It is easy to nominate someone you know - forms are available by telephoning (01 582) 397759 or (01 582) 397292 or writing to

The Whitbread Volunteer Action Awards, FREEPOST LOL 1936, Luton, Beds, LU1 3YR. Please don't hesitate - after all these volunteers don't hesitate to give their time to help others and make our communities better places to live in.

"SSAFA" AND "FORCES HELP" NOW MERGED

On January 1st SSAFA merged with the Forces Help Society and became SSAFA FORCES KEMP. SSAFA FORCES HELP Offers lifelong friendship, practical help and is geared to support every serving or ex service man, women and their dependants under circumstances of difficulty or need.

However gone are the days when the majority of regular Servicemen/women pledged a day's pay annually to their Royal Navy, Regimental, or Royal Air Force benevolent fund, and who in turn would allot monies to SSAFA for almonising on their behalf. Now... due to the contraction of the services and introduction of short term engagements funding has diminished proportionately and more and more we are obliged to raise funds for the cases ourselves this includes our revenue costs such as stationery, postage, telephone bills etc.. Happily our division is fully recruited with excellent voluntary caseworkers and who despite these constraints are determined to do what they can to help raise funds but and its a big but! to continue our work we depend almost entirely on your

generosity

We enjoy an excellent relationship with The Royal British Legion and with their blessing on the Thursday 30th October 1997 at 8pm in the Royal British Legion, Macmillan Road we are holding a Fund Raising Cabaret which will include the Dave Carr Road Show, Line dancing, Bingo and grand raffle.

Tickets £2.

If you would like to donate a raffle prize, buy tickets, or need help, PLEASE contact me on 01325 314012.

With best wishes

Newtonian in Bosnia

Newton Aycliffe soldier, Gunner Wayne Saint is manning one of the mighty AS 90 155mm self propelled howitzers that are the main firepower of the NATO-led Stabilisation Force (SFOR) in Bosnia.

Wayne, 22, is in Glamoc, central Bosnia with 137 Java Battery, part of 40 Regiment, Royal Artillery. The Lowland Gunners, 145 of them are based in a Sawmiff in the town, with another 25 serving with the infantry unit in Gomji Vakuf. The battery gets its name from the Java campaign of 1811 when an expedition was mounted from India to crush the Dutch who were attacking the spice convoys. The battery arrived in July

and have made their camp comfortable and begun taking their guns out into the local area to show their presence to the deter the factions from returning to war.

"I have just taken over this job as 'coverer', said Wayne. "I am in charge of discipline on the and I prepare and take charge of all the ammunition - you have to know what you're doing.

"It has been all right so far - certainly different. We are doing something we are trained for. The elections are on people's minds. The young lads are happy to see us but the older ones, those between about 17 and 30 are not pleased. You can tell by the way they look at you.

"It is such a lovely country - a larger version of the Lake District. I was overwhelmed when I first saw it. I knew there was damage but I didn't realise the extent of it especially in areas where whole towns have gone.

"We went out on our first deployment with the guns a few weeks ago. All the kids were there asking for sweets. It was good to have a look around."

He is married to Michele who is back in Germany where the Regiment are normally based. Wayne attended The Avenue Comprehensive School, and enlisted in 1992. He enjoys all forms of sport. His father (*Divorced*) lives in Darlington, and his mother, in Newton Aycliffe.

**Harvest will Help
Kampala Street Kids**

The four churches of the Great Aycliffe Team Ministry: St. Clare's; St. Andrew's; St. Francis and St. Elizabeth's are launching their Harvest Appeal for 1997.

Last year, many people supported the "Flour Power" appeal for Romania, helping us to collect our 1½ tons of Flour, rice and sugar as well as £1000 in cash.

This year we hope to support "The Tigers Club" which works with street children in Kampala, the capital city of Uganda. The project uses football clubs to win the friendship and trust of these children, to give them some sense of worth and belonging and then hopefully to provide food, housing, education and health care.

What can we do?

This harvest we are asking for support in two ways:

* We need football kits, either new or second hand, to send to the project. These may end up as the only clothes that some of these children have and one worn with great pride, so please have a look in your cupboard or visit a market stall. (They don't have to be the latest Newcastle strip).

* We need money, both to send the kit to Uganda and hopefully to give the project some financial support too. Look out for cardboard footballs in the churches, on which you can save your change and which we hope people will be along to the harvest festival series.

Last year's "Flour Power" appeal was a tremendous success, this year we appeal to the generosity of the people of our community. For further details please contact Rev Colin Jay on 320112

**ADVERTISE WELL IN
ADVANCE OF DATE**

Newton News received two complaints this week that copies of our newspaper were delivered after the date of events advertised.

We are aware of this problem and indeed we always explain to our advertisers that a few houses may not get their Newton News until Sunday Lunchtime - the deadline we give our distributors.

Accordingly we advise all advertisers to make sure readers are advised of events at least in the preceding weeks issue.

Obviously in the last issue, where we carried details of church services in memory of Diana, Princess of Wales, it was impossible to do that the previous week, and in those instances, where news arrives unexpectedly, we just do the best we can as a weekly publication.

We allow our distributors until Sunday am to deliver the "Newton News" as most of them are youngsters and we do not expect them to be on the streets in darkness. However, they are requested to make deliveries as soon as possible.

**Match
Reporter
Criticised**

Once again I'm amazed to find my name mentioned in one of Martin Walkers Tales of the Huntsman.

Previously it was due to his unhappiness with my refereeing of a football match involving FC. The remarks he made then were both disgusting and foolish, thankfully they were dealt with by Durham FA and Martin was forced into making an apology.

This season I have helped organise a team which I have also been playing for, Europa FC. The report of our game against Huntsman FC appeared in last week's Newton News the report was largely derogatory towards Europa FC and within it the line "... despite pathetic calls of off-side by Gary Preston". I don't recall making any such appeal, other Europa FC players did make off-side appeals when Huntsman FC scored their third goal, it wasn't and the referees decision was accepted - sportingly, something Huntsman FC often find difficult to do - if you don't believe me go and watch one of their games.

As for the rest of the report, well Martin did at least get the score correct!

I don't crave publicity, good or bad, but I do enjoy football, whether watching, playing or refereeing, it's just unfortunate that I like a few others have found myself included in Martin Walkers after match fables.

Garry Preston
Sec., Europa FC

**BALLOON RACE
RAISED £478**

Dear Sir,
Re: ST MARY'S R.C. SCHOOL BALLOON RACE - HELD 12th JULY 1997

We are pleased to announce the results of the above balloon race which was held on 12th July and which ended on 2nd September, 1997.

78 balloon tickets were returned to the school by the finishing date and the winner was Mr. Mark Johnson of Guthrum Place, Newton Aycliffe. He receives £100 which will be presented to him during school assembly on 12th September. His balloon ticket was returned from Northampton and the sender of the ticket, K. Hallam, also receives a cash prize. The balloon ticket was sold to him by Peter Johnson of St Mary's School and to

thank him for selling the winning ticket he will be presented with a book token.

We had a marvellous response to this event which raised £478.81 for PTA funds. Our aim this year is to provide a multimedia CD Rom computer for the school and obviously this has been a great start. We would like to thank everyone involved in organising this event, especially all those people who bought and sold the tickets and all those involved in arranging the balloon race and barbecue on 12th July. We hope that the people of Newton Aycliffe will continue to support us in our fund-raising efforts as they have done so well in the past.

Yours sincerely,
Mrs. J. Watson,
Secretary, St Mary's PTA
